

# Corporate Golf

## **Looking for a venue in East Yorkshire for your Corporate Golf Day?**

Hornsea Golf Club, on the East Yorkshire coast, is just 15 miles from Hull, Beverley and Bridlington and is arguably the best golf course in the region.

The wide fairways and large greens are ideally suited to golfers of all abilities, which is important, since some of your guests may be occasional golfers only. The course will, nevertheless, present the more accomplished golfers with a stern test and they will be well satisfied if they play to their handicaps.

We have an excellent chef, who can provide you with a large range of catering options to satisfy every palate. In the clubhouse you will have use of the main Lounge, Bar and Dining Room and, if required, your guests can enjoy the views from our patio, which overlooks the 18th green.

If you wish to provide your guests with golf balls, tees and ball markers, our Professional will be pleased to assist. He can also advise on suitable prizes and if required, officiate in running your competition, including setting up a prize table. There is also the option for our Professional to give coaching sessions during the day.

To discuss your Corporate Day at Hornsea Golf Club, contact us and we will do our utmost to arrange a package to meet your requirements and budget.
